

Model

```
graph BT; A["appEmotionIoT.models.Paciente"] --> B["Model"]
```

A UML diagram illustrating inheritance. A light gray rectangular box at the top contains the text "Model". A dark gray rectangular box at the bottom contains the text "appEmotionIoT.models.Paciente". A solid blue arrow points vertically from the top center of the bottom box to the bottom center of the top box, indicating that "appEmotionIoT.models.Paciente" inherits from "Model".

appEmotionIoT.models.Paciente
